TECHNICAL EXECUTIVE FORUM

October 20, 2016

New Lenses for Driving Change:

Innovative Levers for Advancing and Retaining Women Technologists

Since its inception in 2007, ABI's Technical Executive Forum (TEF) has convened C-suite executives from ABI's Partner companies to discuss the challenges and opportunities their companies face in retaining and advancing women technologists. TEF is a key Organization Transformation program, designed to guide organizations in their efforts to create more inclusive workplaces. It is the technical executives' event to attend on diversity, providing an opportunity for C-level executive participants to connect, collaborate with and learn from each other on what works and will make a difference for women technologists.
